NEMO PRODUCT
INNOVATIONS

NEMO is constantly developing new aluminum pole technology, hardware, and frame configurations to maximize the strength, wind resistance, interior volume, weight, and usability of our tents. We pursue simplicity and pure geometric forms wherever possible. Classic arch shapes are used to fend off top loads and catenary curves transfer tension through fabric panels. Every design element is deliberate and has a functional purpose, much like nature itself.

BUNGLALOW™ 4P HIGHLIGHTS

A **large attached vestibule** and door allows for easy entry and exit and offers generous storage for gear.

Built in Light Pockets™ diffuses light from your headlamp to cast an even glow throughout the tent.

Lots of **interior mesh pockets** are sized to fit glasses, books, hats, or gloves.

Thoughtful door construction provides multiple entry/exit points, privacy, and airflow.

BUNGLALOW™ 4P ACCESSORIES

FOOTPRINT

Footprints reduce the wear and tear on your tent floor from contact with the ground. They are made of 75D abrasion-resistant nylon fabric and perfectly sized to your tent. The fabric is PU coated for water-proofness.

PAWPRINT™

Pawprints™ are removable liners perfectly sized to button snap to the inside corners of your tent. They protect your tent floor from boots and paws, and add serious comfort. Pawprints™ are made of soft machine-washable brushed polyester. Place your sleeping pads between a Pawprint™ and floor to help them stay in place.

GEAR LOFT

Gear Lofts add additional overhead storage without compromising floor space or elbow room. Made of mesh and featuring two storage pockets and two Light Pockets™, the Gear Loft is perfect for drying clothes or stashing gear for quick access.

GARAGE

Attaches easily to either side of your Bungalow™ 4P, passing under the rain fly to maintain a waterproof connection. Provides plenty of extra space for gear or a couple camp chairs.

NEMO QUALITY
GUARANTEE

NEMO guarantees every product we sell. We put great effort into choosing the best materials and providing you with the highest level of workmanship. We obsess over every design decision to ensure you get the greatest comfort and protection possible. Our process begins with pencil and paper and evolves methodically through computer modeling, prototyping, testing, and development. We strive to design and build the best outdoor equipment on the planet.

NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase or warranty registration. Warranted products will be replaced or repaired at NEMO's discretion. NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended.
