NEMO PRODUCT  
INNOVATIONS

NEMO is constantly developing new pole technology, hardware, and frame configurations to maximize the strength, wind resistance, interior volume, weight, and usability of our tents. We pursue simplicity and pure geometric forms wherever possible. Classic arch shapes are used to fend off top loads and catenary curves transfer tension through fabric panels. Every design element is deliberate and has a functional purpose, much like nature itself.

### ESCAPE™ POD BIVY 1P HIGHLIGHTS

**Lung inflated Airbeam** allows for fast setup and take down, plus it packs away into the size of a grapefruit.

**Zippered entry** makes it easy to tuck yourself in at night.

**Black No See Um mesh** provides all of the bug protection you need without interfering with your view of the starry night.

### ESCAPE™ POD 1P COLLECTION

Build your perfect bikepacking kit by combining the Escape™ Pod 1P Bivy with our Apollo™ 3P shelter and the Moonwalk sleeping bag.

### APOLLO™ 3P

Pentagonal pyramid shape accommodates three people or one person and a bike for the perfect bikepacking shelter.

### MOONWALK™

The first sleeping bag with a waterproof tub design, the Moonwalk™ can be used directly on the ground.
