INNOVATIONS

NEMO's Spoon™ Shape allows for natural sleep movement versus a constrictive mummy profile.

Sleep soundly
with room to move.

Sit naturally
with space to relax.

Stretch stitching at the waist helps to reduce unnecessary volume and conserve heat, yet allows for unrestricted movement.

Insulation Technology

DownTek™ 750 fill power down with DWR repels water while maintaining its loft and insulation, even in the wettest conditions. DownTek™ also dries more rapidly than untreated down and provides antimicrobial protection, extending the life of your bag.
