

# TENSOR™ 20R

© 2016 NEMO Equipment, Inc.

## WARMTH

Aluminized film provides warmth at an ethereal weight.

## COMFORT

Unique surface contours are more comfortable than traditional baffles.

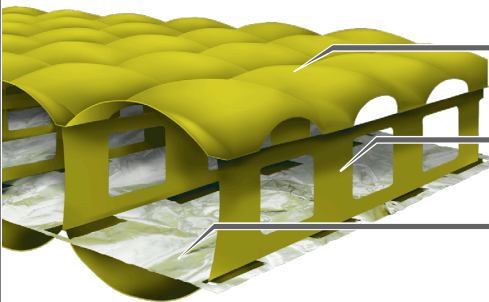

## STABILITY

Ultralight low-stretch Spaceframe™ baffles eliminate side to side instability.

13.5oz  
385g

30 to 40°F  
-1 to 4°C

## FEATURES

### EMBOSSED 2D FABRIC

Ultralight, abrasion resistant, and exceptionally packable.

### SPACEFRAME™ BAFFLES

Patent pending design cuts out weight and adds stability.

### THERMAL MIRROR™

Featherweight aluminized film reflects radiant heat.
