

# TENSOR™ 20R MUMMY

© 2016 NEMO Equipment, Inc.

## WARMTH

Aluminized film provides warmth at an ethereal weight.

## COMFORT

Unique surface contours are more comfortable than traditional baffles.

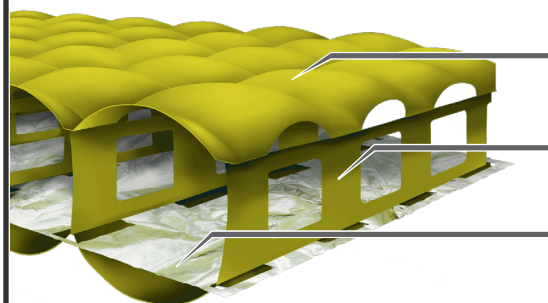

## STABILITY

Ultralight low-stretch Spaceframe™ baffles eliminate side to side instability.

13oz  
360g

30 to 40°F  
-1 to 4°C

## FEATURES

**EMBOSSSED 20D FABRIC**  
Ultralight, abrasion resistant, and exceptionally packable.

**SPACEFRAME™ Baffles**  
Patent pending design cuts out weight and adds stability.

**THERMAL MIRROR™**  
Featherweight aluminized film reflects radiant heat.
