

TENSOR™ 20S MUMMY

© 2016 NEMO Equipment, Inc.

WARMTH

Aluminized film provides warmth at an ethereal weight.

COMFORT

Unique surface contours are more comfortable than traditional baffles.

STABILITY

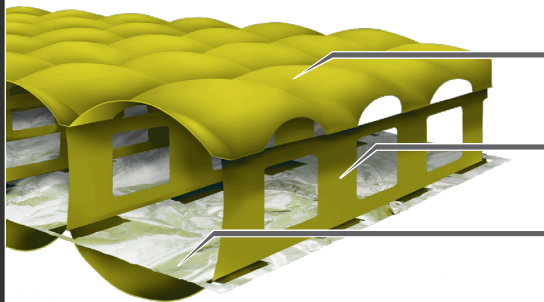

Ultralight low-stretch Spaceframe™ baffles eliminate side to side instability.

8.5oz

240g

30 to 40°F

-1 to 4°C

FEATURES

EMBOSED 20D FABRIC

Ultralight, abrasion resistant, and exceptionally packable.

SPACEFRAME™ BAFFLES

Patent pending design cuts out weight and adds stability.

THERMAL MIRROR™

Featherweight aluminized film reflects radiant heat.
