

VECTOR™ 25L

INSULATED

PRIMALOFT®
Insulation Technology

© 2016 NEMO Equipment, Inc.

WARMTH

Aluminized film coupled with Primaloft® for lightweight, compressible warmth.

COMFORT

Unique surface contours are more comfortable than traditional baffles.

STABILITY

Ultralight low-stretch Spaceframe™ baffles eliminate side to side instability.

1lb 8.5oz
695g

15 to 25°F
-9 to -4°C

FEATURES

EMBOSSED 20D FABRIC

Ultralight, abrasion resistant, and exceptionally packable.

PRIMALOFT®

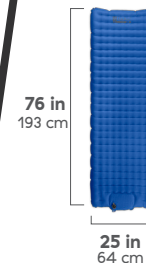

Highly compressible insulation with down-like performance.

SPACEFRAME™ BAFFLES

Patent pending design cuts out weight and adds stability.

THERMAL MIRROR™

Featherweight aluminized film reflects radiant heat.

INTEGRATED FOOT PUMP

Integrated foot pump makes setup fast and gives your lungs a rest.
